In memory of James B. Mayberry, who passed away, October 4, 1977.
He is away, yet ever near, his presence fills each day, his voice, his smile are everywhere, a memory away and though he is no longer seen, by family and friends, he lives because he was dearly loved and love can never end. Sadly missed by wife, children and grandchildren. 10-5-1tp

ASCS TODAY

By Tom Conrad

Grade Loan Rates Proposed for 1978-Crop Burley Tobacco - Proposed loan rates for 1978-crop burley tobacco range from 83 cents to $1.39 per pound and reflect an average support of $154.70 per hundredweight - - 7.4 cents per pound above the 1977 level. The loan rates for eligible tobacco packed in bales will be the same as the rates for tobacco tied in hands (a hand consists of approximately 20 tobacco leaves made into a bundle and tied with a tobacco leaf).

As in the past no loans will be available on any tobacco graded No-G (grade), W (wet), U(unsound) or scrap, according to Ray Fitzgerald, administrator of the ASCS. Markettings of these grades, however, will be charged against the quotas for the farms on which they were produced, Mr. Fitzgerald said.

The cooperative associations through which advances are made available will be authorized to deduct one cent per pound to apply against overhead costs.

Comments regarding the proposed rates will be considered if submitted in writing by Nov. 3 to the acting director, price support and loan division, ASCS U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013. The comments will be available for public inspection in the office of the acting director, room 3741 South building, during regular business hours, 8:15 a.m. to 4:45 p.m.

Storage Structure and Drying Equipment Program - If you don't have enough storage on your farm, we may be able to help. ASCS can lend eligible farmers up to 85% of the cost to purchase needed storage and drying equipment. This includes silos as well as grain bins. The interest rate is 7 percent and repayment can be made in 4 to 7 years. There is no penalty for early repayment.

ASCS Elections - This week we will mail to all known eligible voters a letter and blank petition. The petition will be for you to nominate a candidate of your choice to run for Community Committeemen. If you are interested in nominating someone to run, please follow the instructions in the letter to fill out the petition.

Flue Cured Tobacco Redesignation Period - The redesignation period is currently in effect and will run through this Friday October 6. For those producers that redesignate warehouses, you will not be able to sell your tobacco to the redesignated warehouse until October 16. The next redesignation period will run from October 30 through November 3.

"Arabat" Showing At Elon Baptist Church

Elon Baptist Church in Pamplin City will show the motion picture "ARABAT" this Sunday evening at 7:30 p.m. "ARABATT" is a disturbing and thought provoking film about a small village in Africa where people suffer from poverty and starvation. The village of Arabat is one of one among many where hunger has taken its toll in human life. Hunger has become a problem and an issue for the well fed peoples of the world. "ARABATT" is a sensitizing film about a critical Christian social problem.

"ARABATT" was produced by the Foreign Mission Board of the Southern Baptist Convention.

Members of area churches are invited to witness this film with the members of Elon Baptist Church.
